# MEN'S MINISTRIES

REAL MEN EQUIPPED FOR CHANGE

There are two important truths:

The health of our church, communities, and nation depends on men actively living out their faith as leaders in their homes, work-places and the church. As men we need to allow Christ to change us and the world we live in.

Men are bombarded with responsibilities and challenged by many good priorities. Men don't need another challenge. What they do need is the tools to live out God's calling on their lives.

**GRACE**  
Baptist Church

## Who are we?

---

We are men of all ages and stages in life and in our Christian walk.

We are engineers, salesmen, tradesmen. We are single or men with families. We welcome men who are looking for a place to fellowship with others and grow in our walk with God!

## Discipleship & Team Building

Through strong Bible studies, topical study groups, accountability groups, fellowship and service opportunities, annual retreats, dinners and other special events, men emerge equipped and able to help other men through life's challenges.

## WHY we do what we do

1. **To connect with like-minded men-having fun and developing meaningful relationships.**
2. **To be committed to know Christ and follow Him regardless.**
3. **To be spiritual leaders in our homes, workplaces, and church.**

## Take the challenge

---

Being a man of God doesn't just happen

It takes commitment and biblical know-how.

### Learn how to:

**Grow in faith**

**Be a friend**

**Be a godly husband**

**Be a tender father**
