PARTNERING WITH PARENTS FOR KIDS

Our Children's Ministries is a volunteer based ministry. The children love it here at Grace because of people like you who give generously of their time each Sunday morning. Many parents worship one hour, and then serve the other hour so that other moms and dads can also attend a worship service. What a joy to know that our kids are being well taught and cared for by our parents and many other volunteers during both hours!

Please consider volunteering in our exciting Children's Ministries. We would like each parent to check an area of interest. A check mark doesn't commit you. We will call you to discuss each opportunity.
